

THE **MAINTENANCE** GUYS
CITY APARTMENT SPECIALISTS

LED LIGHTING SPECIAL

LED lighting creates a modern look to all apartments. They are very low maintenance and can have huge savings on power bills. Where they were once a luxury item, they are now not only affordable, but a cheaper option than replacing with regular Halogen/Transformer/Lead.

Instant Energy Saving

Up to 85% more efficient than halogen or incandescent lights.

Long Lasting & Low Maintenance

LEDs are durable and have the longest lifespan of all other lighting technologies.

We can now offer a full apartment LED fitting replacement (Volt sized apartment) for **\$475.00+GST** (10W/3000L warm white)
